Important Notice

MageWorx reserves the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to MageWorx' terms and conditions of sale supplied at the time of order acknowledgment.

MageWorx warrants performance of its products to the specifications applicable at the time of sale in accordance with MageWorx' standard warranty. Testing and other quality control techniques are used to the extent MageWorx deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

MageWorx assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using MageWorx components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

MageWorx does not warrant or represent that any license, either express or implied, is granted under any MageWorx patent right, copyright, mask work right, or other MageWorx intellectual property rights relating to any combination, machine, or process in which MageWorx products or services are used. Information published by MageWorx regarding third-party products or services does not constitute a license from MageWorx to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from MageWorx under the patents or other intellectual property of MageWorx.

Resale of MageWorx products or services with statements different from or beyond the parameters stated by MageWorx for that product or service voids all express and any implied warranties for the associated MageWorx product or service and is an unfair and deceptive business practice. MageWorx is not responsible or liable for any such statements.

Extension Description

Donations extension allows you to accept donations from your customers. Donation can be added to an order total right before the checkout process from customer's shopping cart.

The screenshot shows a Magento shopping cart interface. At the top, there is a search bar and navigation links for 'My Account', 'My Wishlist', 'My Cart (1 item)', 'Checkout', and 'Log In'. The language is set to English. The cart contains one item: a red chair with a unit price of \$129.99 and a quantity of 1, totaling \$129.99. Below the cart items, there is a 'DONATION' section for 'CATHEDRAL GERONTOLOGY CENTER, INC.' with a text input field and an 'Add Donation to My Order Total' button. A note indicates a minimum donation of \$10.00. To the right, a summary box shows the subtotal and grand total of \$129.99, with a 'Proceed to Checkout' button and a link for 'Checkout with Multiple Addresses'.

Donation purpose text can be easily configured via CMS Static block. You can set a minimum donation amount you accept.

Admin can view and export to CSV or XML donations statistics from Magento Admin panel for the selected period.

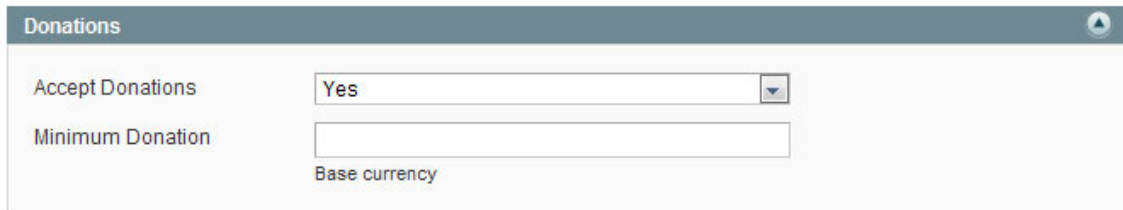

Extension Installation

- 1 Log out from Magento Admin panel if you are logged in
- 2 Unpack the contents of the 'extension' folder from the package file purchased from MageWorx to your Magento root folder
- 3 Log into Magento Admin Panel
- 4 If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
- 5 Now go to 'System > Configuration > MageWorx tab > Extensions & Support' section. If you see 'Donations' in the list of installed MageWorx extensions you are done.

Extension Usage

- 1 First, log into Magento Admin panel and go to 'System > Configuration > MageWorx tab > Sales > Donations' section to configure Donations

The screenshot shows the 'Donations' configuration window in the Magento Admin panel. It features a title bar with the word 'Donations' and a close button. Below the title bar, there are two main configuration options: 'Accept Donations' and 'Minimum Donation'. The 'Accept Donations' option is a dropdown menu currently set to 'Yes'. The 'Minimum Donation' option is a text input field. Below the text input field, there is a label 'Base currency'.

- **Accept Donations** option switches on/off donations acceptance on your website. If you select No then no Donation block will be visible in the customer's shopping cart
 - **Minimum Donation** option allows you to enter a minimum donation amount you accept
- 2 To view the list of donations received from your customers, log into Magento Admin panel and go to 'Sales > Donations section'. If you want to export the donations statistics, use 'Export to' drop-down right above the statistics table
